

**Construction Notice No. 7b (update: Construction Completion)  
September 2010**

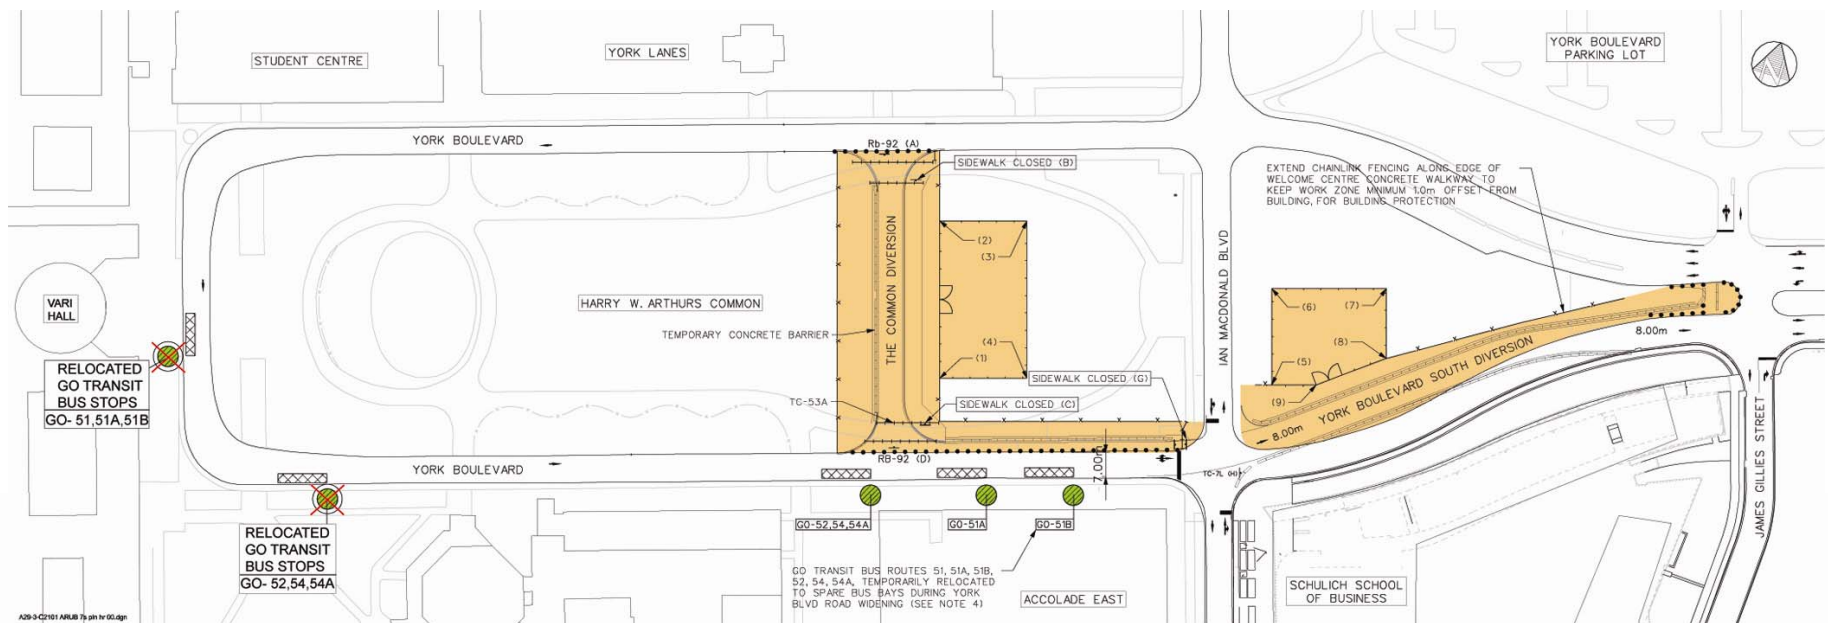

**Temporary Road Construction for York University**

**Work is scheduled to finish Sunday, September 12<sup>th</sup>** on constructing temporary roadways on York University's Keele campus that will be required once construction begins on the York University Subway Station at the east end of the Harry W. Arthurs Common. These temporary roadways will allow transit vehicles to continue to serve the campus core throughout the station construction period.

The roadway construction work this summer included:

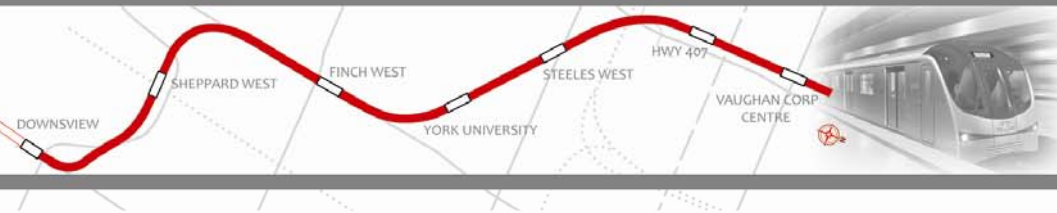

- building a temporary north-south road through Harry W. Arthurs Common;
- widening a portion of the south arm of York Boulevard, (south side of the Common) west of Ian Macdonald Boulevard; and
- constructing a temporary roadway to parallel the south arm of York Boulevard east of Ian Macdonald Boulevard to James Gillies Street (along which traffic will be diverted during the subway station construction).

Construction of these temporary roadways is expected to be completed on **September 12, 2010**.

## Toronto-York Spadina Subway Extension

### Work Hours

- Work will normally run from 7:00 a.m. to 7:00 p.m., Monday to Saturday.

### Traffic Impacts and Pedestrian Safety

Traffic control personnel will be on campus to facilitate the safe movement of pedestrian, transit and vehicular traffic around the construction work areas. All existing roads will remain open and operational during the temporary road works.

Due to the nature of the work, motorists may face traffic delays. We regret any inconvenience that may be caused as a result of this work.

### GO Transit Bus Stops **(Reinstated)**

**As of Friday, September 10<sup>th</sup>**, GO Transit Bus Stops in front of Vari Hall will be returned to their original positions in front of the Centre for Film & Theatre.

### Construction Vehicle Access

Construction vehicles will continue to access the campus via York Boulevard to and from Keele Street. During deliveries of construction material and equipment, traffic movement on York Boulevard and Keele Street may be delayed or limited to a reduced speed. Your patience during this time is greatly appreciated.
